------------------------	----	---------

These are the most elegant and attractive Seeds in packets in the trade. They sell themselves. They have been reduced this season from \$25.00 to \$20.00 per 1,000 packets, and from \$3.00 to \$2.50 per 100.

It is to the interest of all merchants who sell seeds to keep Buist's Growth, as no seeds are ever put up in packets but the new crop of each season, those left over from the previous year are cut out whether they grow or not. The result is our seeds will grow equally as well the second year as the first, and many will grow equally as well the third year; such as Beet, Cabbage, Collards, Celery, Cucumber, Kale, Lettuce, Mustard, Parsley, Radish, Pumpkin, Squash, Tomato and Turnip, that is, of course, provided they have been properly kept from heat or dampness.

In the Southern States there are more of them sold than all other brands combined. They are of new crop each season and grown by us from selected seed stocks. There could be nothing finer produced than what we send out.

Terms of Sale.—Four months credit—cash discount, five per cent. if paid within ten days. Accounts are subject to draft when due.

Net Cash Goods are Onion Sets, Potatoes, Bird Seed, Grass, Clover and all other Agricultural Seeds, and must be remitted for when ordered, or be subject to sight draft on shipment.

Perishable Goods.—Onion Sets and Potatoes are always shipped by us in the very finest order, and packed to carry safely; but as they are subject to damage by excessive heat or cold in transit, over which we have no control, such risk must be assumed by the purchaser. No claims can be allowed for damages.

Barrels, Boxes and Sacks are charged at cost. We deliver all goods F. O. B. Philad'a.

Seed Cabinets.—Display Cabinets made of Ash at \$2.00 each. Flat Walnut Cabinets at \$2.50 each. Large Walnut Cabinets containing 49 separate drawers, \$15.00. These cabinets contain no seeds.

BUIST'S GARDEN SEEDS

Grown by us from Selected
Seed Stocks.

Are celebrated for their Purity,
Fine Quality, Strong Growth.

We sell 10 pounds or over at
100 pound quotation.

Your Garden Seed trade can be very
much increased by handling Buist's Prize
Medal Seeds; they are not only the most Popular,
but the most Salable. No profit is ever made
by the merchant in selling cheap seeds, as he

quickly loses both trade and reputation—they are either old stocks or those of an inferior
quality. The market is overflowing with old bankrupt stocks, some of which are as old as our
grandfather's clock; they are good enough to burn, but not to sow.

Owing to the scarcity of many varieties this season these quotations are only for prompt
orders, which we will book now and ship at any date desired. **If you are** a large purchaser of
seeds, it will afford us great pleasure to make you special quotations by letter if you will kindly
enclose us a list of your requirements.

PEAS.

The Buist Morning Star Peas, which we introduced a few years since, is the earliest and most productive variety known, and is regarded by Market Gardeners as their best and most profitable shipping variety. For protection to ourselves and to insure the purchaser true stock, we sell them only in our Sealed Packages and Lead Sealed Sacks, each Seal is stamped Buist. The latter are of green muslin and contain $\frac{1}{8}$, $\frac{1}{4}$, $\frac{1}{2}$, or one bushel each. Its great popularity has caused almost ever dealer to catalogue them and a cheap grade of Extra Earlys is substituted. Observe, unless they are put up in green sacks and sealed with our name they are spurious.

COLLARDS. WE MAKE the growing of Collard Seed a specialty, and annually sell more seed than any other house in the trade. It is acknowledged that we have the best heading White Stem Cabbage Collards known in the South. The great importance of securing a fine strain is well known by every Southern merchant, as it is one of their most important crops. The cheap Seed offered by the trade is imported from England and is more of a Kale or Wild Cabbage than Collards, and causes great dissatisfaction.

EGG PLANT.

Most of the Egg Plant Seed sold by the trade is of Southern growth, which, owing to poor seed stock, produces imperfect fruit, both in form and color. The seed which we offer is of our own growth (we annually grow 25 acres), and there is no finer stock known than the Buist's Improved, which is the best market variety.

BUIST'S SELECTED ONION SETS

We are the most extensive growers and shippers of Onion Sets in the trade, with a reputation of shipping the finest samples. They are smaller, more uniform in size, and better cleaned than those of Western growth, and will keep longer without sprouting. We also use a $\frac{3}{8}$ mesh in cleaning them, while Western and many other growers use an inch, making our sets of much smaller size. The measure we send out is also much larger than Western shippers supply. We also fan and clean each shipment separately. Onion Sets are net cash and subject to cost for barrels and crates in packing.

These quotations are for immediate orders, and for shipment during December or January; for these months we supply 40 lbs. to the bushel. (Western houses only allow 32 to 35 lbs.). We make special prices on large orders.

Buist's Selected Seed Potatoes,

Grown . . .
Expressly .

For
Planting . .

Packed in large full-sized Barrels or Barrel Sacks, containing $2\frac{3}{4}$ Bushels, 165 lbs.

THE Buist Brand of Seed Potatoes have an established reputation throughout the Southern States for their Great Purity, Fine Quality and Productiveness.

They are grown in Maine, Vermont, Nova Scotia and Prince Edward's Island especially for seed, and are of an entirely different quality from the stocks generally sold, which are frequently mixed varieties of a very inferior grade, with the name branded on the barrels to suit the order. These prices are for immediate orders booked with us now, and for shipment during December or January.

The Buist's Mixture of Grass Seeds for Lawns, Parks, Tennis and Cricket Grounds has long been famous for producing a succession of verdure throughout the year. It is composed of the finest varieties of grasses, each of which has its season of beauty, and the result of this blending is the producing of a sod which is not only always evergreen and velvety in appearance, but of the color and beauty of an emerald. Many of the more famous lawns of this country were seeded down with the Buist's Lawn Grass, the preparation of which is a specialty with our house, which many years of experience has suggested; it requires from 4 to 5 bushels to sow an acre, or for renovating old lawns about half that quantity.
